
Brecon Place Doubles

Purpose

Brecon is a simple doubles method, where the ringer of the 2 rings the slow course bell, striking only in 1-2. There are clear treble signposts and an opportunity to focus on leading steadily.

Ringing Brecon Place Doubles

The treble plain hunts.

Second place bell rings the slow course work in 1-2:

- Lead for 8 blows
- Make seconds over the treble
- Repeat

The 3, 4 and 5:

- Plain hunt between thirds and fifths places.
- If passing the treble in fourth place when hunting up to fifth place, hunt to seconds place next time and make six blows in seconds place over the slow course bell.
